REV SEC 768 6 JUNE 1944 L S G BR

Strangely, we under signed public representatives of the consuming public of the town, observe a resolution of the Municipal Council in the meeting of 10-1-44 subject No. 14.

Never before has such a subject been put up though the buildings are standing from quite over many years. For the first time, a non municipal but a H.C. member of the Adikarnatak community applied to shift the Beef stalls on.....This recent subject is referred to the Health committee, which does not consider the question of removal of the shops, instead it speaks of shifting the slaughter house.--- and off the business xxxxx matter. The Municipal council, coming within range of the subject, resolved on 31-1-44 for the shifting of the stalls, and not shifting of the slaughter house. The good executive is active to carry out the councils, mandate gives a new suggestion. Easily, the council resolves to shift the stalls to the slaughter house.

The public are perturbed over these violent and rapid changes.

The public have found the spot of the stalls convenient for trade from vendors and consumers point of view and feel hurt at the idia of its removal. All that was repeatedly agitated for its improvements. To the slaughter house, some scanty improvements was done very insufficiently, and nothing has been done to the vending stalls.

At the back of the councils mind as the idia of sanitation of the Hospital are the prejudices of non consumers

Kindly direct the district authorities to furnish a report in this matter.

We beg to state that the resolution of the Municipal is not in the happy interest of the consuming people, and pray therefore that this resolution may not be given execution.

With reference to your memo No.L.12798 dated 26th June 1944, forwarding a petition presented to the Minister for Public works by the beef-consuming people of Chikmagalur Town objecting to the above proposal and calling for a report in the matter, I have the honour to state that the question of shifting the beef vending stalls to a distant place was considered by the Town Municipal Council, Chikmagalur at the request of one Mr. T. Ranglah, M.R.A., an Adikarnataka and they have decided to locate the stalls near the beef slaughterhouse. It is reported that the beef stalls are now situated very near the Adikarnataka Colony and that in the interests of the health of the Adikarnatakas, they may be shifted ~~for~~ away from the existing place.
